Review Search Terms

(Last Updated: September14, 2010)

These tables provide the search terms, codes, and explanations for all CRMS search pages. The term cited in each table below is the actual search term used in the search input fields to generate the appropriate search.

Attributes	
terms	**explanation**
pd or 1	public domain
lc or 2	in copyright
und or 5	undetermined copyright status
pdus or 9	public domain only when viewed in the US (Experts only)

Reasons	
terms	**explanation**
ncn or 2	no printed copyright notice
ren or 7	copyright renewal research was conducted
nfi or 8	needs further investigation
cdpp or 9	title page or verso contains a different date and/or place of publication

Status	
term	**explanation**
0	not reviewed yet or awaiting processing
1	reviewed by one person only or legacy review
2	reviewed by two reviewers that disagree
3	reviewed by two reviewers (non-advanced) that agree
4	reviewed by two reviewers that agree
5	reviewed by an expert
6	reviewed by an expert agreeing with matching **UND** reviews (no longer used as of CRMS 1.7)
7	reviewed by an expert agreeing with status 3 reviews

Verdict		
term	**meaning**	**explanation**
0	**Not Validated**	expert reviewer disagreed
1	**Validated**	expert agreed, or no expert review (e.g., match, or standalone legacy review)
2	**Neutral**	expert did not agree, but the volume was problematic or particularly difficult, so review was not invalidated
